

SAN THEME CONCEPTS
SEE WHAT YOU'RE MISSING:

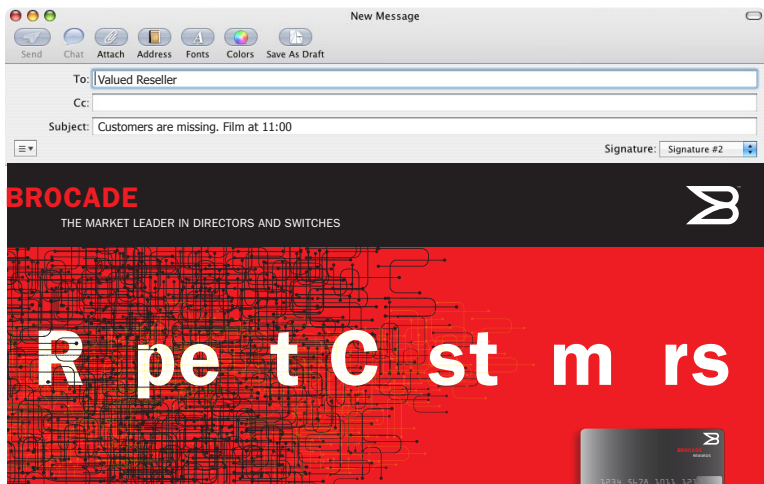

No one's making big commissions on hardware these days. That's why we offer an end-to-end portfolio of value-added services that cover the lifetime of every unit you sell. From installation and training through ongoing support and consulting to take-backs and recycling, you can watch your profits grow.

Win repeat orders by giving your customers what they need, when they need it. With Brocade, they'll get it. Custom configuration, prompt delivery, lifetime support, top-rated security and network management, and, of course, the fastest, most reliable directors and switches in the industry. And they'll come back for more.
